# ASSA ABLOY Hospitality
Mobile Access App

Ready to use and designed for properties that want to offer basic mobile access, ASSA ABLOY Hospitality's standalone app provides facilities with a quick and easy way to equip users with digital key functionality. As a straightforward solution, the ASSA ABLOY Hospitality app does not require integration or third party dependencies.

FEATURES

: Streamlines operations

: In most cases allows users to skip check-in

: Increases loyalty and profitability

: iOS and Android compatible

: Ready-to-use solution

: Powered by Seos, the world's first multi-platform ecosystem for issuing, delivering and revoking digital keys

: Compatible with VingCard Classic, Signature, Allure and Essence

: Connects securely to cloud-based ASSA ABLOY Hospitality Mobile Access services

: Offers two solution variant options:

      - A generic app that is published by ASSA ABLOY Hospitality on App Store and Google Play.

      - A basic, customized branded app available on App Store and Google Play.
