Ventilation requirements for built-in minibars: When incorporated into furniture, minibars require proper ventilation (a surface of at least 200 cm ²).			

PB 30, PB 40 and PB 60 Standard (Black Door; Lock and Light)

The PB 30, 40 and 60 come with standard solid door with interchangeable hinges, fully adjustable shelving and with optional internal light and lock.

PB 30 AGD, 40 AGD and 60 AGD (Aluminium Glass Door; Light only)

The aluminium glass door option provides hotels with a luxury stainless steel look for their minibars. The full glass door option increases product visibility and guest utilization.

PB 30 A and 40 A (Glass Door; Lock and Light)

The glass door option provides a clean neutral look for the minibar to seamlessly blend in with furniture. The full glass door option increases product visibility and guest utilization.
